

The Excelsior Difference

Wednesday, October 6th @ 12 pm – 1 pm EST – [Register Here](#)

Get started at Excelsior College today! Learn how to balance going back to school with your daily life. Admissions will be available to chat with you about our generous transfer credit policy, what sources of credits we accept that will accelerate your time to degree completion, and your next steps to get started with Excelsior today.

Nuclear Engineering Technology Information Session

Wednesday, October 6th @ 3pm – 4 PM EST – [Register Here](#)

Attend this webinar to receive valuable information about Excelsior's Nuclear Engineering Technology degree program and the job outlook for technology-related careers. You'll also hear from Excelsior College staff about how online classes work, career/networking opportunities, and how your current and previous college-level learning can be applied as credit so you can complete your degree sooner and take your career to the next level.

Increasing Diversity, Equity, and Inclusion within Cybersecurity Careers

Wednesday, October 13th @ 12 pm – 1 pm EST - [Register Here](#)

With cybersecurity and information technology job openings projected to grow by more than 40 percent by 2029 (according to the U.S. Dept of Labor), now is the time to plan for your career in technology. According to industry leaders, underrepresented populations are the key to fulfilling workforce needs. In this webinar, industry leaders will talk about using industry training and credentials that can provide you with immediate job training and credits that can be applied towards a degree.

Training and Career Opportunities to Build Your Cybersecurity Career in Public Service

Wednesday, October 20th @ 12 pm – 1 pm EST – [Register Here](#)

Employees with cybersecurity skills are in high demand within the field of public service. From careers in criminal justice and national security to homeland security and emergency management, and public administration, cybersecurity skills are a critical need in both the private and public sectors.

In this webinar, explore educational opportunities with Excelsior College and learn about training opportunities that can apply toward degree credit, including military experience. Hear from employers such as FEMA, Texas Department of Public Safety, and Hiring Our Heroes to learn more about career openings within the public service and cybersecurity sectors.

Translate IT and Cyber Industry Training and Certification into a College Degree

Wednesday, October 27th @ 12 pm – 1 pm EST - [Register Here](#)

Did you know that technology training or certification could be eligible for transfer into an undergraduate or graduate degree program at Excelsior College? Discover how to get ahead in your technology career with Excelsior College and technology training partners such as ACI Learning, Cyber Bytes, Focal Point, and more. A career path in technology can also be a great fit for member of the military community. Join us and learn how to build your path to a degree.
